Whisky - Taiwan

Produsent: Kavalan Whisky

Webside: <http://www.kavalanwhisky.com/en/main.aspx>

Produsentbeskrivelse:

Kavalan er en Whisky-produsent oppkalt etter det taiwanske folkeslaget under samme navn. Destilleriet produserte sin første Whisky i 2008. Kun to år senere sjokkerte produsenten ved å utkonkurrere tre Scotch Whisky og en engelsk Whisky i en blindtest under den skotske feiringen av "Burn's Night".

Produktinformasjon:

The sub-tropical climate of Taiwan, and the pure glacial water from the mountains have had a unique effect on Kavalan whisky matured in these rum casks.

Smaksnotater:

Color:

Deep, burnished gold like a Caribbean sunset

Nose:

A honeyed sweetness is laced through the fruity character of the Kavalan whisky courtesy of the influence of the rum cask. Alluring aromas of golden syrup cake, waxed lemon, pistachio-studded nougat, creamy vanilla, stewed apple, papaya and faint white pepper are exuded from the glass.

Palate:

A gloriously thick texture saturated with melon and papaya sweetness, it is showered with an array of spices, clove, and root ginger delivered at cask strength, before it settles down to a sustained final phase of light toffee, golden sultana, and Kendal mint cake.

Tasting:

Use the Kavalan Rum Single Malt Whisky neat sipping or pair exquisitely with chocolate.

Alkohol: 57.1 %vol
